About Us
This software is built by 2 undergrad students Ajay Chavda and Sahil Bhatt
Our Mission:
We intend to provide this Software that shall be helpful for the betterment of the housing society's security .
With the increase in crime rate and Theft from Houses in daylight ,we aspire to bring a change to this current scenario.
Our software shall be easy to use with the help of our user - friendly features we provide a secure environment storing the details of the visitors visiting the housing society.
